Dear Justin

Further to Malcolm MacMillan's email dated 27 April 2011, I would like to add my thanks for the work you have done so far for the Christchurch temporary housing project.

Starting with the conceptual layouts for temporary housing villages for which your work was generously funded by the NZIA, through to 3-dimensional renderings and site layout drawings, I know that Malcolm and his team have been pleased to rely on the prompt and flexible design service you have provided, within very tight time frames, and in response to changing requirements.

We appreciate your high level of commitment and the support of the NZIA in helping us to meet the very urgent need for temporary housing for Christchurch.

Yours sincerely

Duncan Joiner  
Chief Architect
